Acrylic on canvas

Norton Museum of Art Inspiration: *A Trompe l'Oeil with Hen, Kingfisher, and Insects* by Jacobus Biltius

Shoes are a way to represent the status of a person. Through a pair of shoes, you can determine many things about someone. Designer or expensive shoes may represent somebody who may have a lot of money, while worn ripped and broken shoes may represent someone with a hard life. It is a vision to get to know more about a person.
