Norton Museum of Art Inspiration:
Georgia O'Keeffe: Living Modern
exhibition

Teaching Artist: Jill Lavetsky

My students reflected on the Norton Museum's special exhibition *Georgia O'Keeffe: Living Modern* which featured clothing that O'Keeffe designed and/or made herself. We talked about fashion and how it influences or is influenced by our identity. They designed this outfit as a group and pieced her together by using found fabrics and glue and braided her hair.
